Letter from the President

Friends:

In 1978, a group of committed community members established the Beverly Hills Education Foundation (BHEF); we were one of the first private education foundations in the United States and quickly became the model for other education foundations. In 2018, BHEF will celebrate our 40th year of providing vital educational program funding at every grade level, K-12, at all our Beverly Hills Public Schools.

In 2017-2018, BHEF was again proud to be one of the largest donors to the Beverly Hills Unified School District (BHUSD). Thanks to generous donations from school parents, community members, and local business owners, BHEF allocated over $550,000 directly to our four K-8 schools and our High School and our Endowment Fund grew by 7%. We continued our funding of programs in Arts, Music, Athletics, and each school principal received additional co-curricular funds to finance the individual programs needed at each school site. This year, BHEF provided additional funding to the District for Technology Teachers on Assignment (TOSAs). These teachers provide support to other teachers and students as BHUSD advances the use of technology in education and revolutionizes its classrooms.

Our dedicated donors, like yourself, should be proud in the knowledge that your donation to BHEF directly impacted and elevated the education of our BHUSD students. Your donation ensures our students succeed while in our schools and are well prepared for the challenges of college and their future careers. We cannot enrich the lives of all the BHUSD students without you.

Thank you for believing in the mission of the Beverly Hills Education Foundation.

Cindy Trost
President
Value of Endowment
